

## HEPATO RENAL

### SPORT HORSE

The Hepato -Renal is a combination of two major pharmacological active substances, thioctic acid and methenamine (Urotropine - hexamethylenetetramine ) indicated therapeutically in sport horse practice.

The laboratory Sport Horse managed to combine this two principles chemically and after practical tests then formulate a product which also act synergistically with high concentration avoids double injection.

Studies about sport equines have shown that the sport demands of the horse determine to maintain the function of the liver and kidney in good condition preventing or treating Hepato-renal Syndrome.

#### **Composition:**

each 100ml contains

Thioctic acid .....	0,500 g
Methenamine .....	40,000 g
Sodium Hydroxide .....	0,180 g
Sodium sulfite .....	0,150 g
Methylparaben .....	0.120 g
Prpilparabeno .....	0.050 g
Distilled Water for injections qs .....	100 ml

#### **Therapeutic Action and indications:**

Hepato renal syndrome -Digestive Overload -Poison drug -Overtraining -chronic fatigue syndrome -Cistitis -Urethritis -Urinary Antiseptic

#### **Dosage, Mode and Route of Administration:**

Unless otherwise acting veterinarian  
administered by slow intravenous route at a rate of :

**Preventive:** 25 ml per day for 3-5 days

**Curative:** 50 ml per day for 5-10 days

#### **Target species :**

Sport horses not used for human food consumption

#### **Special precautions for use :**

Administrate with sterile syringe and needle with strict aseptic precautions . Due to its action as a non specific urinary antiseptic, in urinary tract infections ases, diagnosed by urine culture to determine the classification, it is recommend the use of specific antibiotic according to the causative agent.

#### **Pharmacological antagonism :**

With sulfonamides in general and in particular sulfametiazol

Keep out of reach of children .

Do not use in horses intended for human consumption

National Poison Centre TE 0800-333-0160

Keep product between 4° - 25 ° in the original container and protected from light

**Note** : Lab is not responsible for misuse and / or bad conservation of the product.  
Contains no doping substances (Law 24819 )

SENASA : Certif No. 08-102
